For which ESSA programs apply to your LEA?

Choose From:

TITLE I, PART A

Improving Basic Programs Operated by
State and Local Educational Agencies

TITLE II, PART A

Supporting Effective Instruction

TITLE III, PART A

Language Instruction for English Learners
and Immigrant Students

TITLE IV, PART A

Student Support and Academic
Enrichment Grants

(note: This list only includes ESSA programs with LEA plan requirements; not all ESSA programs.)

In the following pages, ONLY complete the sections for the corresponding programs.

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Eureka City Schools (ECS) uses federal funds to support the attainment of the two LCAP goals. The goals are as follows: 1. All students will demonstrate high academic achievement and "college and career readiness" in clean and modernized schools. 2. All students will learn in a safe, supportive, and culturally responsive environment where students, families and community are valued, connected, and engaged. In order to determine what actions and services will be provided using federal funds, ECS analyzes student performance data (including state and local measures applicable to the two LCAP goals) to identify where disparities or inequities exist. The District then applies what we know about research-based and evidence-based practices to correct these disparities or inequities. This is a dynamic continuous improvement process, revisited at least annually, whereby changes are made to actions and services based on the "story" revealed by the data.

The determination of the funding source for supporting the District's LCAP goals is based on the following criteria: What is allowable by law/statute? What provides the most flexibility in supporting both LCAP goals? What is the sustainability of the funding source? By referencing these three criteria in the decision-making process, ECS ensures that federal funds are applied appropriately in the larger context of supporting the LCAP goals and not as "stand alone" means of funneling support to short-term individual initiatives or projects.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

ECS is aggressive in pursuing all possible funding sources (ongoing federal funds, state and local funds, and federal grants) to support students as long as they align with our priorities of the two LCAP goals and the priorities of the District's strategic plan (which are themselves, aligned). In order to ensure maximum impact for improving student outcomes, ECS may apply the use of multiple funding sources to a particular action or service. In other words, the alignment is in leveraging available funding for a specific goal. For example, we determined that one of the most powerful drivers in improving student literacy is through deep implementation of an evidence-based and common-core aligned ELA curriculum. Therefore, the District leveraged the use of multiple funding sources (including LCFF base and supplemental/concentration funds, Title I and III funds, and MTSS grant funds) to ensure this deep implementation occurred. By using multiple funding sources as a "package" the District was able to 1. purchase the instructional materials (LCFF base funds), 2. provide professional development on instructional strategies for ELA (Title I funds), 3. provide ongoing coaching support for classroom teachers (MTSS state grant), 4. provide intervention support for struggling students (Sup. and Con. funds, Title I funds and Title III funds).

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(1) (A–D)	1, 2, 4, 7, 8 (<i>as applicable</i>)

Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

- (A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
- (B) identifying students who may be at risk for academic failure;
- (C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 <i>(as applicable)</i>

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

Career Technical and Work-based Opportunities

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(12)(A–B)	2, 4, 7 <i>(as applicable)</i>

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

- (A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
- (B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

TITLE II, PART A

Title II, Part A Activities

ESSA SECTION	STATE PRIORITY ALIGNMENT
2102(b)(2)(A)	1, 2, 4 (<i>as applicable</i>)

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

TITLE III, PART A

Parent, Family, and Community Engagement

ESSA SECTION	STATE PRIORITY ALIGNMENT
3116(b)(3)	3, 6 (<i>as applicable</i>)

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

TITLE I, PART A

Poverty Criteria

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

ECS's poverty criteria is based on the number of children eligible for a free or reduced lunch.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Annually, the District reviews its teacher assignments to ensure that teachers are not misassigned or do not meet minimum criteria for appropriate certification. The District also develops a teacher experience table for each school site to determine if disparities exist with regards to the number of inexperienced teachers at any school site. Since ECS has schoolwide programs, low-income and minority students are heterogeneously distributed throughout the classes offered at the elementary and middle schools. At the high school level, the District analyzes the placement of students in math classes to ensure that there is not an inequity with regards to low-income or minority students being placed in lower-level classes. The District has historically struggled to fill math teachers at the secondary level and special education teachers at all levels. In accordance with BP 4111 and 4112 the District actively recruits and selects teachers for these "hard to fill" positions, sometimes offering signing bonuses that are paid over a two-year period. Once employed, ECS employs a number of "onboarding" strategies that include the following: New teacher orientation, support through the North Coast Teacher Induction Program (NCTIP), an eight-week Teacher Academy facilitated by the District's instructional coaches, and 6 days (for 2019-2020) of required professional development for each teacher.

Parent and Family Engagement

ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).
Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Eureka City Schools (ECS) views parents and guardians as partners in the education of District students and seeks to lower barriers to their meaningful participation. This philosophy is applied at the individual school site levels as well as at the District. Furthermore, ECS actively seeks collaboration and cooperation with community partners to enhance student learning and college and career readiness. In May of 2018, the District updated Administrative Regulations AR 6020, the Parent Involvement Policy. Additionally, each School Site Council has developed their own Parent-School Compact. The Parent Involvement Policy is on the District and School Site websites and is included in the handbook that is distributed annually to all students and staff.

Parent and family engagement may be viewed from the following vantage points:

1. At the District level
2. At School Site Level (District consists of 1 preschool, 4 elementary schools, 2 middle schools, 1 comprehensive high school, and 1 continuation high school)

1. District Level: In May of 2018, the District updated Administrative Regulations AR 6020, the Parent Involvement Policy, and in 2016-2017 the District received an onsite visit for Federal Compliance Monitoring of the following programs: Adult Education (AE), Before and After School (BASP), Compensatory Education (CE), Career Technical Education (CTE), English Learner (EL), and Homeless Education (HE). Parental Involvement policies and procedures were brought into compliance where there were findings. The District provides information regarding programs and services through its website. Furthermore, the District has an active social media presence on Facebook, and annually publishes a "Community Update" publication that is provided to households, businesses, and community groups in the greater Eureka area. Through a "School Messenger" program, parents/guardians receive automatic phone calls and email messages regarding important District notifications and alerts. The District has established a Community Stakeholder group that meets 5 times annually. Other District-wide groups where parents/guardians are active and involved include DELAC, Indian Education Parent Advisory Committee, and stakeholder meetings during the development of the LCAP (all parents encouraged to complete an online survey provided in both Spanish and English). Parents are also invited to part of interview panels for the hiring of key District staff. The community has an opportunity to learn about and be engaged in matters concerning the District during Board meeting. When there are topics of interest necessitating a "deeper dive" the District holds special study sessions in which the public has an opportunity to ask questions. The District has an adult education program funded through a consortium with a local community college and provides an opportunity for adult learners to learn new skills that may lead to industry certification. Since 2015-2016, the District has retained the services of a director of public affairs who works to promote the District as well as respond to community concerns. ADA compliance is an important priority for the District and accommodations are made for adults with disabilities in regards to access to school and District facilities as well as access to District programs and services. For example, in 2018-2019 the District provided an interpreter to a deaf parent so that she could participate in her child's graduation ceremony.

2. Schools Site Level:

Schools receiving Title I funds have a school site council made-up of an equal number of parents/guardians and staff. These councils develop the School Plan for Student Achievement. At each school site volunteers are encouraged in the classrooms and for study trips. Information about school events is provided via newsletters and through each school's website. Student Study Team (SST) meetings with parents/guardians are conducted throughout the school year to discuss specific needs of students. When necessary, interpreters are provided for conferences and meetings. ELACs are established at each of our sites as required by law and PTAs are strong forces at our schools. At the high school levels there are a number of booster organizations where parents/guardians and community members can be involved. Feedback is solicited annually from parents whose children participate in the ASES program. Parents and guardians participate in parent-teacher conferences offered twice a year at the elementary schools and annually at the secondary schools. Parents of students who are truant are invited to attend SARB meetings and complaints regarding bullying can be provided through a confidential web portal. Parents/guardians are able to access student grades through a secure online portal provided through our student information system.

ECS's strategy for effectively implementing the parent and family engagement responsibilities described in the previous section is to lower barriers and ensure that we are meeting Goal 2 of our LCAP. This means that, as needed, documents and meetings are conducted in a language parents understand (using translators/interpreters as needed). The District runs a family resource center that offers a number of supports to students and families in need.

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

All programs within the District are guided by both the strategic plan and the LCAP. A Multi-Tiered System of Supports (MTSS) model forms the foundation of this approach. With an unduplicated rate of 65.2% District-wide, and each elementary and secondary school having rates above 50%, the District operates schoolwide programs at each site with the exception of Eureka High School where Title I funds are not allocated. Students are identified for programs and services based on objective criteria such as formative and summative assessments and referrals from school staff made through a process such as the SST process. Programs and services are funded either through District Title I dollars or Site Title I dollars. At the elementary sites CARE Specialists are partially funded through Title I funds. These individuals are teachers on special assignment who provide academic and behavioral supports to students and coaching for teachers within a MTSS model. The District provides intervention teachers at the elementary and middle grades and intervention materials for math and ELA are provided to students within the intervention programs. Professional development is required of all teachers for 6-days each school year. Topics for 2018-2019 included differentiated instruction, Constructing Meaning strategies, and trauma-informed practices and care. Intervention materials for math and ELA are provided to students within the intervention programs. AVID strategies are used District-wide to support all students, but are primarily directed towards students who have experienced opportunity gaps. At the secondary level, the District operates a continuation high school to address the needs of credit-deficient students.

Title I, Part A neglected or delinquent reservation does not exist for ECS - N/A

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

The homeless student rate at each school site varies from 5% at Eureka High School to 25% at our continuation school. ECS operates a family resource center that is staffed with a director who also serves as the District Homeless and Foster Youth Coordinator. Other staff at the center include District staff at the resource center include a Family Services Advocate and an AmeriCorps/AFACTR - Family Support Aide. Services include Parent Support Programs, e.g. Nurturing Parenting Program, Parenting Support Group, Holiday Events, and providing school supplies. This individual is a licensed social worker. The resource center in 2018-2019 served over 300 District students. Referrals for services come from school sites, SARB, community-based organizations, and DHHS programs. Service requests include attendance concerns, transportation assistance, grief counseling, mental health referrals, employment assistance and housing. Material supplies provided to families through the center include hygiene supplies, clothes/shoes, laundry vouchers, glasses, backpacks/school supplies and food. To ensure wrap-around services are provided to homeless families, the resource center partners with a number of local organizations including the Betty Kwan Chinn Day Center, Eureka City Parks and Rec/CAPE, Alcohol & Drug Care Services, Serenity Inn, Redwood Community Action Agency and the Youth Service Bureau. Additionally, the District has a Department Health and Human Services Partnership Agreement for CalWORKs/Welfare To Work, TANF (Temporary Aid to Needy Families), CalFresh, Housing Search and Support, and Child Welfare Services.

At the elementary school sites, homeless students are supported by the CARE specialists and at the secondary level by counselors. All certificated staff (as well as some classified staff) from TK through grade 12 receive ongoing professional development in trauma-informed practices that are primarily directed towards students our most high-risk populations.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) coordination with institutions of higher education, employers, and other local partners; and
- (B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

As a Unified District, Eureka City Schools provides a continuum of educational services to students from preschool to 12th grade and beyond (adult ed. is also offered). The ECS preschool program is a demonstration site for the state with exemplary practices for preparing our youngest learners with the foundational skills and competencies to be successful as they "transition up." The preschool-TK transitional activities include a hosted TK-K night where parents are provided assistance (and a translator or interpreter as needed) in filling-out registration paperwork for TK. The Director of the preschool program regularly checks-in with families regarding their future enrollment in the District, and preschool staff communicate with District TK teachers about individual student needs. For students with disabilities, transition meetings are planned well in advance of the new school year to ensure appropriate services will be in place. Students of families in need are often referred to the Marshall Family Resource Center for support as needed.

For the transition from elementary to middle school all students are given a Universal Screening to determine what individual needs should be considered prior to entry into the new school. Two years ago, the District moved away from departmentalized classrooms at the 6th grade, opting instead for a self-contained core block whereby students had more opportunity to form bonds and friendships with peers and staff. For students entering 9th grade, Eureka High School hosts a "step-up day" where 9th grade ambassadors assist incoming freshmen of what to expect. Additionally, exiting 8th grade students are given a mathematics placement test to ensure that they are in the correctly-leveled class. The District also supports a part-time Transition Specialist to assist students in these milestones of change. At the 9th grade, students are required to take either Freshman Seminar or AVID 9. In these classes students develop their 5 and 10 year plans. The District provides vocational training opportunities through our comprehensive CTE offerings with some classes being dual enrolled with College of the Redwoods. Career counseling is offered at both Eureka High School and Zoe Barnum Continuation School.

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:

ECS screens all 4th grade students with the CogAt assessment to determine GATE eligibility. Successful students from the screening and then provided a "full battery" of assessments through CogAT. Final determination for GATE eligibility is made by looking at CAASPP summative scores as well as the results from the CogAT. For the students scoring low, Teacher recommend PST/SST process. Scores are shared at parent conferences for elementary; parent notification letters for secondary. GATE students are eligible to attend the GATE Academy at Humboldt State University.

The District has a full-time certificated librarian and part-time "library techs" at each our elementary and middle schools. The librarian ensures that students have the multi-media supports they need to be successful in their classes, she also teaches keyboarding to elementary students to prepare them for accessing curriculum-embedded online tools as well as online assessments (CAASPP Interims and Summative Assessments, Accelerated Reader, etc.).

TITLE I, PART D

Description of Program ESSA SECTION 1423(1)

Provide a description of the program to be assisted [by Title I, Part D].

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Formal Agreements ESSA SECTION 1423(2)

Provide a description of formal agreements, regarding the program to be assisted, between the LEA and correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Comparable Education Program ESSA SECTION 1423(3)

As appropriate, provide a description of how participating schools will coordinate with facilities working with delinquent children and youth to ensure that such children and youth are participating in an education program comparable to one operating in the local school such youth would attend.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Successful Transitions ESSA SECTION 1423(4)

Provide a description of the program operated by participating schools to facilitate the successful transition of children and youth returning from correctional facilities and, as appropriate, the types of services that such schools will provide such children and youth and other at-risk children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Educational Needs ESSA SECTION 1423(5)

Provide a description of the characteristics (including learning difficulties, substance abuse problems, and other special needs) of the children and youth who will be returning from correctional facilities and, as appropriate, other at-risk children and youth expected to be served by the program, and a description of how the school will coordinate existing educational programs to meet the unique educational needs of such children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Social, Health, and Other Services

ESSA SECTION 1423(6)

As appropriate, provide a description of how schools will coordinate with existing social, health, and other services to meet the needs of students returning from correctional facilities, at-risk children or youth, and other participating children or youth, including prenatal health care and nutrition services related to the health of the parent and the child or youth, parenting and child development classes, child care, targeted reentry and outreach programs, referrals to community resources, and scheduling flexibility.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Postsecondary and Workforce Partnerships

ESSA SECTION 1423(7)

As appropriate, provide a description of any partnerships with institutions of higher education or local businesses to facilitate postsecondary and workforce success for children and youth returning from correctional facilities, such as through participation in credit-bearing coursework while in secondary school, enrollment in postsecondary education, participation in career and technical education programming, and mentoring services for participating students.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Parent and Family Involvement

ESSA SECTION 1423(8)

Provide a description of formal agreements, regarding the program to be assisted, between the

- (A) LEA; and
- (B) correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Program Coordination

ESSA SECTION 1423(9–10)

Provide a description of how the program under this subpart will be coordinated with other Federal, State, and local programs, such as programs under title I of the Workforce Innovation and Opportunity Act and career and technical education programs serving at-risk children and youth.

Include how the program will be coordinated with programs operated under the Juvenile Justice and Delinquency Prevention Act of 1974 and other comparable programs, if applicable.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Probation Officer Coordination

ESSA SECTION 1423(11)

As appropriate, provide a description of how schools will work with probation officers to assist in meeting the needs of children and youth returning from correctional facilities.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Individualized Education Program Awareness

ESSA SECTION 1423(12)

Provide a description of the efforts participating schools will make to ensure correctional facilities working with children and youth are aware of a child's or youth's existing individualized education program.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

Alternative Placements

ESSA SECTIONS 1423(13)

As appropriate, provide a description of the steps participating schools will take to find alternative placements for children and youth interested in continuing their education but unable to participate in a traditional public school program.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - Eureka City Schools does not participate in programs funded by Title I, Part D.

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

ECS has a comprehensive system of professional growth and support for staff. It may be summarized as follows:

1. Initial onboarding. Each new teacher is required to attend a "new employee orientation" at the District. Furthermore, teachers who are new to the profession are quickly enrolled in the North Coast Teacher Induction Program (NCTIP) where they are matched with a mentor teacher for a two-year period. The District pays for the costs associated with going through the NCTIP. New principals or assistant principals are paired with an administrative coach through ACSA's 2-year induction process, with the coaching fee for both years being paid-for by the District. The coach is assigned from the Humboldt County Office of Education and is not an employee of the District. Principals also attend a two-day "Principals Academy" and a one day "Leadership Retreat" prior to the beginning of the school year.

2. Ongoing support: Teachers are required to work 186 days - with 6 days being non-instructional for the purposes of professional growth through a comprehensive District-led professional development program. The District has a cadre of instructional coaches who co-plan and co-facilitate the PD days. Additionally they support teachers throughout the school year with one-on-one and group coaching sessions. Principals and other individuals in leadership positions meet twice-monthly for professional development. Every Monday during the instructional year is a minimum-day with students being released one hour early. This time is used for collaboration and ongoing professional development (alternating between admin-leg activities for 90 minutes, and teacher-led activities for 30 minutes). This helps to ensure that new strategies are implemented deeply, and that teachers frequently analyze student outcome data.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

THIS ESSA PROVISION IS ADDRESSED BELOW:

ECS uses Title II funding for class size reduction at the elementary grades. By reducing class sizes at the elementary grades the District is ensuring that students are receiving more individualized instruction - this strategy is primarily directed towards students who under-perform.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

ECS is eligible for Differentiated Assistance via the Humboldt County Office of Education (HCOE). The partnership between HCOE and ECS is focused on continuous improvement. County and District staff have partnered to analyze student outcome data to determine root causes of under-performance and have co-attended professional workshops and conferences (such as the Carnegie Foundation's Leadership Conference in San Francisco). ECS regularly consults with HCOE support providers as well as other professional organizations to continually improve activities described in this section. For example, this past November, the District secured two days of professional development from ASCD on differentiated instruction. At the twice-monthly leadership or principal meetings, District-wide data is shared on chronic absenteeism and suspension rates. Leaders have an opportunity to dialogue and share successes and challenges in addressing the need for continuous improvement in these areas.

TITLE III, PART A

Title III Professional Development

ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.
